Growing in Faith Together

March 9, 2025

WE WORSHIP AN AWESOME GOD!! Moses wrote in Exodus 15:11, "O LORD? Who is like you - majestic in holiness, awesome in glory, working wonders?" This past Wednesday, we began the study of Nehemiah, which begins with the following prayer, "O LORD, God of heaven, the great and awesome God, who keeps his covenant of love with those who love him and obey his commands..." (Nehemiah 1:5) There is no one like our God! He is awesome in His creation, His love, His power, and in His Glory! As the words of the song go, "Our God is an awesome God, He reigns in Heaven above, with wisdom, power, and love, **Our God is an awesome God.**" Amen!!

FAMILY NEWS. Please be praying for **Tim Snyder**, who had a stroke on Wednesday. Tim is at Riverside Hospital. Also, pray for **Bill Dennison**, who is recovering from surgery at home. **Jay Dennison** is steadily improving at home as he recovers from back surgery. Please keep **Derella Crews** (Logan Wilburn's grandmother), **Kim Ponziani** (Micheal Ponziani's mother), and **Cindy Dyer** in your prayers.

AMAZING GRAYS! We are asking all the seniors from **Marion Road** to join the seniors from Richland Road for a senior gathering **this Tuesday at 11:30 AM** at the **Old 30 BBQ** here in Bucyrus. Immediately after the meal, the group will travel to the Marion Road building to listen to **Terry Fawley** speak. If you have any questions, please see Russell Howard.

NEW SERMON SERIES: THE INTENTIONAL LIFE. Ever notice that we only want to get older when we are young? When you're under 10 years of age, you think in fractions: "I'm four and a half." You're never 40 and a half. But you are four and a half going on five. We can't wait for life to get with it. We can't wait to **"get there."** When you're a teenager, you say, "I'm almost 16." You might be 12, but you're gonna be 16. Then you become 21! Then you turn 30. Uh-oh. Something happened. Where did the years go? How do I stop what's happening to my body? I'm starting to feel things I didn't before and don't recover like I used to. Then you're pushing 40. Blink your eyes, and you reach 50. Don't look now, but you just made it to 60. And then, without warning or fanfare, you hit 70, and the clock appears ready to jump at light speed. We can't wait to **"get there."** But once we do, we realize it came too fast, and there's nothing we can do now to slow it down. So, here's what I'm saying, **"You only have so many days to leave a positive mark. That's why every day is so precious. Don't miss a day or an opportunity. Leave that mark today!"** Starting next Sunday, Russell will begin a new five-week series of lessons on "The Intentional Life," where we'll focus on living life with purpose and making it count! Invite a friend!
